

The Content Creator's AI Kit — Grow Faster, Pitch Brands, Never Run Dry

12 copy-paste AI prompts to plan content, write scripts and captions, grow engagement, and pitch brand deals — on a free ChatGPT or Claude account. For YouTubers, TikTokers, and Instagram creators.

How to use: replace [BRACKETS]. AI helps you create faster; your authentic voice is what grows an audience. Edit everything to sound like you.

Part 1 — Never Run Out of Ideas

1. 30 video/post ideas in your niche

Act as a content strategist for "[NICHE]". Give me 30 content ideas mixing: how-tos, myths/mistakes, story/personal, trends, and listicles. For each: a title + a one-line hook.

2. Content pillars + series ideas

Suggest 4 content pillars for a "[NICHE]" creator and 2 repeatable series ideas per pillar (formats I can run weekly). Keep it sustainable for a solo creator.

Part 2 — Scripts & Captions

3. Short-form video script (Reels/TikTok/Shorts)

Write a 30-45s vertical video script on "[TOPIC]": a 3-second hook, 3 quick value beats, and a CTA (follow/comment). Add on-screen text cues.

4. Long-form video outline

Outline a [8-10 min] YouTube video on "[TOPIC]": a hook, 5-6 sections with key points, a retention loop, and an end-screen CTA.

5. Caption that drives engagement

Write 5 caption options for a post about "[TOPIC]" for "[AUDIENCE]". Each with a strong first line, value, and an engagement question. No hashtag spam.

6. Hook variations

Give me 12 scroll-stopping hooks for "[TOPIC]". Mix curiosity, bold claim, relatable problem, and question. No clickbait I can't deliver on.

Part 3 — Grow & Engage

7. Reply to comments to boost reach

Write friendly, engaging replies to common comment types (praise, question, disagreement, spam) for a "[NICHE]" creator. Encourage more conversation.

8. Repurpose one piece into a week

Turn this video/post into a week of content: "[PASTE]". Output 3 short clips ideas, 2 carousel ideas, 1 tweet thread, 1 newsletter blurb. Keep my voice.

9. Engagement questions / polls

Give me 12 quick engagement prompts (this-or-that, fill-in-the-blank, hot takes) for "[NICHE]" to spark comments and shares.

Part 4 — Make Money

10. Brand pitch / media kit blurb

Write a brand-pitch email for "[BRAND]" from a "[NICHE]" creator with [audience size + 1 engagement stat]. Lead with value to them, propose a simple collab, soft CTA. ≤140 words.

11. Rate-card explainer

Help me set and explain creator rates for [post types]. Draft a short, confident message stating my rates and what's included, framed around the value/results for the brand.

12. Sponsorship disclosure + integration

Write a natural, FTC-compliant way to disclose and integrate a sponsorship for "[PRODUCT]" into my "[CONTENT TYPE]" without killing the vibe.
